

## TYPICAL INSTALLATION DETAILS

Name:		<b>Pipe Penetration Detail #1</b>		
Drawn By:	DAH	Date:	1/3/2020	
Appvd By:	MB	Date:	1/3/2020	Scale: Not to Scale   Sheet: 1 of 1

Notes:

1. Follow manufacturer's directions for application of caulking products.
2. For ferrous metal-based penetrations, Zirconia Coating Systems can be applied to the penetrating pipe for maximum seal. For Plastic and non-ferrous penetrations, apply Zirconia to the concrete Substrate and then apply caulk to create seal between penetration and Zirconia Coating Systems.
